THE CITY COUNCIL.

Proceedings of the Meeting
Tuesday Night.

REGULAR MEETING.

Mayor Julian and all the members of the council were present.

The minutes of the last meeting were read and approved.

Petition of John Cunningham asking a remission of a fine, was, on motion of Mr. Marshall, granted.

Petition of Black, Hughes & Co., asking that alley way leading to their coal yard be repaired. Referred to street committee with power to act.

Petition of citizens of Broadway, asking for an electric light at west end of L. & N. depot. Referred to Gas committee.

Petition of L. F. Johnson, to build two cottages on Murray and Cross streets signed by people in the neighborhood. Mr. W. J. Hughes was present and remonstrated. At the suggestion of Mr. Johnson the matter was referred to the street committee.

The King Iron Bridge Company asked to be released from that portion of the contract requiring them to remove the piers of the old bridge, they having contracted with Mr. Jno. T. Buckley to do said work. Mr. Pruett offered a resolution in relation to the matter, and both papers were referred to the bridge committee.

Mr. R. B. Franklin appeared before the council and asked that the matter in relation to the rent due from Ed and Howard Gaines be left in the hands of the committee until he could appear before it. Granted.

The reports of the city officers were received and filed.

The report of the fire committee was received and the accounts allowed.

The committee on streets reported in favor of postponing the work on Murray street. Adopted.

Several accounts from the charity committee were ordered paid.

The report of the school board was received and read. It gives an estimate for 1894-95 and shows that a deficiency will exist of about \$10,728. The report was referred to school committee.

The school committee recommended that the clerk draw his warrant on the treasurer for \$1,507.45, and that arrangements be made to pay the interest due on school bonds. The report of the committee was adopted.

The license committee reported in favor of granting the J. E. Gaines Distilling company license to do business on Main street. Adopted.

The same committee reported the license ordinance, which had its first reading and was laid over until next Monday night to be acted on in committee of the whole.

The printing committee was directed to let the printing of said ordinance out to lowest bidder.

The work-house accounts were allowed.

The finance committee reported a number of accounts, which were allowed.

The ordinance defining the duties of the city attorney had its second reading and passed.

Mr. Haly offered an ordinance in relation to the payment of claims by the council, which had its first reading and passed.

Mr. Heffner, from the Gas committee, reported in favor of an arc light at Ann and Mero streets. Report adopted.

Several accounts from the bridge committee were ordered paid.

The bridge committee was empowered to employ Mr. W. B. Larkin as policeman at the rate of \$50 per month.

The finance committee were instructed to settle accounts of late city treasurer.

On motion of Mr. Utterback, the finance committee were directed to collect interest due on Midland bonds.

Mr. Pruett offered an ordinance exempting manufacturers from taxation for five years, which was referred to ordinance committee.

The case of Henry Penn was referred to charity committee with power to act.

On motion of Mr. Pruett, it was declared to be the sense of this council that Dr. A. Duvall is the regular city physician, and that the clerk pay him the salary.

The council then adjourned until next regular meeting.

Accidentally Wounded.

Ex-policeman Dudley Richardson was dressing, after a bath at the Sulphur Bath House, Thursday morning, when a pistol dropped from his pocket, struck the floor and was discharged, the ball striking him in the calf of the right leg and coming out at the ankle. He was taken to his room at the corner of Ann and Broadway, where he received medical attention. The bone was not broken and it is hoped he will soon be all right again.

100,000 People Die

Annually in this country of consumption. Think of it! One adult out of every six, and yet in the early stages all pulmonary complaints may be readily controlled by Dr. Hale's Household Cough Cure. It is a certain remedy for coughs and colds which if left to themselves bring on pulmonary consumption. Pleasant to take. Children like it. The price is right, only 25 and 50 cents a bottle at F. H. CARBANTER'S drug store.

KILLED IN CALIFORNIA.

A Frankfort Boy the Victim of His Horse.

A telegram received by Mr. John W. Gaines on Wednesday evening from Capt. W. W. Bacon brought the sad intelligence that Mr. Frank Recter Crittenden had been killed that morning by his horse, near Duarte, Los Angeles county, California. No further particulars were given, but it is supposed he was the victim of a runaway accident.

The deceased was a grandson of the late Senator John J. Crittenden and a son of the late Major Eugene Crittenden, of the United States Army. The deceased was raised in this city and during the administration of President Arthur was a clerk in the post office under Dr. J. G. Hatchitt. About two years ago he removed to California and has since been engaged in superintending the ranch of his aunt, Mrs. A. B. Lewis.

His mother, Mrs. Laura Crittenden, and sister, Mrs. J. Swigert Taylor, still reside in this city, while his older brother, Mr. John Jordon Crittenden, is a lieutenant in the army stationed with his regiment in the west. His sudden and untimely death is a great blow to his mother and sister, who have the sincere sympathy of a large circle of friends in their affliction.

The remains were buried in California on Tuesday.

Announcement.

No apology is necessary on the score of medical propriety for thus announcing to the profession and the public, that we have made a long, careful and special study of cancerous diseases, together with all malignant and other tumors, and are able to offer the results of our extensive experience in Kentucky and surrounding countries in a system of rational and successful treatment, that we believe has never heretofore been attained, and we are able to point to thousands of successful cases—not in a boasting, but rather in a spirit of thankfulness, that we are thus able to prove so clearly our assertion; that our system does cure cancer. With a positive knowledge of this fact now so fully endorsed by thousands of sufferers, and approved by the profession, we should be wanting in humanity if we neglected any means in our power to spread the glad tidings among those afflicted with this most terrible and hopeless of diseases.

We have printed a pamphlet giving the symptoms, cause, varieties, &c., of cancers and tumors. Anyone feeling interesting can get a copy free by addressing:

A Great Benefactor.

"Educators are certainly the greatest benefactors of the race, and after reading Dr. Franklin Miles' popular works, we cannot help deeming him to be among the most entertaining and educating of authors."—New York Daily. He is not a stranger to our readers, as his advertisements appear in our columns in every issue, calling attention to the fact that this elegant work on Nervous and Heart Disease is distributed free by our enterprising druggist, J. W. Gayle. Trial bottles of Dr. Miles' Nervine are given away with a book of these testimonials showing that it is unequalled for nervous prostration, headache, poor memory, dizziness, sleeplessness, neuralgia, hysteria, fits, epilepsy.

General Comment.

The Brazilian "war" is over at last and the government forces are victorious. It became apparent when Admiral Benham of the United States Navy refused to recognize the blockade which Da Gama, the rebel Admiral, was attempting to enforce on Rio, that all hope of success by means of the Navy was at an end, and only the reported successes of the land forces under De Mello kept the spirit of revolution alive. Both these leaders have now sought refuge on board the Portuguese men of war, and President Peixoto will be able to turn the reins of government over to his recently elected successor unhampered by the daily threat of battle which was always going to, but never did, materialize into a decisive engagement. The whole affair was a toy war compared to what it would have been in a more stable government. To our own gallant and sensible Admiral is due much of the credit for the termination of the farce.

Mr. Henry Labouche offered an amendment in the English House of Commons on Tuesday, proposing to abolish the House of Lords, and to the amazement of everybody it was carried by a vote of 147 to 145 in spite of the opposition of the government. Many of those who voted for the amendment declared afterwards that they did so merely to secure a good division in the House, and that if they had entertained any idea that it would carry they would not have done so. As it is everything seems to be in a muddle, and the Cabinet is considering whether to resign or not. In view of the developments of recent years it would seem that the Lords could be spared without much loss to the government of the "right little isle," but the old English spirit of conservatism, hardly prepared for so radical a change in its system, stands aghast at the very thought.

LATER—The House on Thursday rescinded its action by refusing to pass the whole address in which the amendment was embodied, and everything is serene again.

All who have read that remarkable novel, "The Heavenly Twins," will be interested in an article by its author, Mme. Sarah Grand, which appears in the North American Review for March, and in which she attempts to give logical shape to her ideas. The "Heavenly Twins" is more remarkable for proving that something is wrong in our social system (in which all thinking people will agree without argument) than for suggesting any practical remedy, and this same objection will be urged against the article in the North American. Madame Grand is earnest and sincere, but she is vague. She declares that in future men must be better and women will be wiser, but she utterly neglects to tell us what we are going to do with our weak human natures. She starts out with the idea that in order to induce women to require greater purity and less self-indulgence from men all she has to do is to educate them a little. It may not be so in Europe, where young girls are more carefully guarded from the knowledge of such things than they are here, but in this country there is no necessity that a woman should be in ignorance of the character of the man she marries. There is a much larger proportion of men than Madame would think, who

are willing to conform to a higher standard, but who find themselves passed by for libertines and rouses, and that too by good women who know the character of these latter and who are blinded, not so much by their own weakness and infirmity of judgment, and we very much fear it will take more than education to change it.

Now that the Legislature has adjourned and a respite can be made of its work as compared with that of other Legislatures of the past, it is being complimented on all sides by the State press. Nor are these compliments undeserved, although the people of Frankfort are so much disappointed by the failure to make any provision for a new State Capitol that they at least do not endorse them as heartily as would otherwise be the case. It is true that economy was necessary, but provision could have been made for commencing the work which would not have required immediate outlay, and would have allowed time for the State to recover from the business depression while at the same time it would have insured the erection of buildings, which are almost absolutely necessary, at no distant day. There never was a Legislature whose work gave entire satisfaction, and the one just deceased probably accomplished more good work in shorter time than most of its predecessors. Better than this, however, is the absence of that useless legislation which merely cumber the Statute Books, and which the new Constitution, however it may be maligned, had much to do with stopping.

Mr. Albert Volles, the Legislative Correspondent of the Louisville Commercial, in a resume of its acts in his paper, calls attention to the good work which was accomplished by the Republican minority during the session. It would be much better for the State if the minority were so much larger as to keep the party in power constantly on the alert to guard against mistakes which might at any time lose it the control of legislation. The minority was larger this time than it has been for twenty-five years, and if its action was not characterized by a single mistake, as Mr. Volles says, at least they were few and far between. The fact that they always voted as an unit gave them considerable influence on all measures, and it is to be hoped that their number will be increased in the next Legislature, not so much because they are Republicans as because they are not Democrats.

The new battle ship, the Indiana, will soon be ready for her official trial, and it is said that the Messrs. Cramp are satisfied that she will make 16½ knots an hour, the contract requirement being 15 knots. To the ordinary mind the amount of money which a single war ship costs seems extravagant, but a visit to the immense ship-yards of this firm while a vessel is in course of construction will prove an education in the matter. While in Philadelphia some years since I was shown over the cruiser New York, which was then receiving her machinery, by one of the officials of the company, and was also shown the keel of the Indiana, which had then just been laid. The way in which the immense vessels are built up, piece by piece, and the

great attention which is given to the smallest details was a revelation to me, and I have ever since regarded the millions which the firm has received from the Government as richly earned. The Indiana is expected to be one of the finest line-of-battle ships afloat, and if her being so depends upon the conforming to specifications by the Messrs. Cramp, she undoubtedly will so prove herself.

FRANKFORT ROUNDABOUT

Entered at the post-office at Frankfort, Kentucky, as second-class matter.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, MARCH 17, 1894.

Near Being Serious.

Mrs. Ben. G. Williams and Miss Rebecca Williams were out riding in a buggy Sunday and in going down St. Clair street the horse they were driving took fright and ran rapidly towards the bridge. Mrs. Williams was holding her baby in her arms and Miss Rebecca was driving, and when nearing the intersection of Wapping and St. Clair streets, Miss Williams, by dropping the left line and pulling on the right with all her strength, succeeded in turning the horse out Wapping and he was stopped in front of the Post Office. Aside from a bad fright the ladies suffered little from their wild ride and the little one slept through it all.

A Probable Candidate.

The name of Mr. McKinnie R. Todd is being mentioned in connection with the Republican nomination for Magistrate in this, the first magisterial district. Mack is a bright young man and is now attending the Law School of the University of Michigan, at Ann Arbor, from which he will graduate in May. He was a delegate from the College League of Republican Clubs to the National Convention of Republican Clubs which met in Louisville in 1893, and is also a delegate to the convention which meets in Syracuse, New York, in June. If nominated he will make a strong fight for the position and if elected will fill the office with ability.

Pension Agent Adams.

Maj. Geo. M. Adams, who has made his home in this city the greater part of the last eight or ten years, was on Wednesday appointed by the President U. S. Pension Agent for Kentucky and will in a few days remove to Louisville and take charge of the office. Major Adams had the support of Senator Lindsay in the fight for the position and won after a long struggle, over numerous other applicants.

Dr. Banta.

Dr. William P. Banta, of this city, graduated from the Louisville Medical College on Tuesday afternoon and is now a full fledged M. D. He has been a hard student, loves his profession and will doubtless make his mark as a practitioner. As yet he has not fixed upon a location, but we trust will succeed in finding a community where he can build up a practice and become a useful citizen.

After a Brief Illness.

Mrs. Geo. T. Crutchley, formerly Miss Mattie Runyan, of this city, died at the home of her husband in Norborne, Missouri, on Friday of last week, March 9th, after an illness of only one week, and the funeral took place on Sunday.

All That's to be Done.

The dry wall in the rear of the south abutment is about completed, the cracks in the abutment and wing walls are to be pointed up with Portland cement and holes are being drilled through the bottom of the abutment to let the water out. This is about all that will be done to repair the damage, and the question arises, will the bridge be accepted when this work is done? If it is, it can be thrown open to vehicles next week, but if the committee insists upon the cracked walls coming down we may have to wait some time for a ride over to the South Side.

An Interesting Meeting.

The local Lodge of Stationary Engineers held a very interesting open meeting in Sower and Ahler's Hall, Sunday afternoon, at which the "safety valve," "balance slide valve," "steam," and "electricity" were entertainingly discussed. Quite a number of visitors were present, among them several members of the Legislature.

Lot Sold.

Mr. L. F. Johnson owned a lot on Murray street, near Campbell, upon which he proposed to erect two frame cottages, which he proposed to rent, but as the property was immediately in front of the residence of Mr. W. J. Hughes, the latter gentleman objected to the building, and as a compromise bought the lot from Mr. Johnson.

An Unseen Enemy

Is more to be dreaded than an open and visible one. That subtle and lurking foe which, under the generic name of malaria, manifests itself when it clutches us in its tenacious grasp. In the various forms of chills and fever, bilious remittent, dumb ague or ague cake, can only be effectually guarded against by fortifying the system against insidious attacks with Hostetter's stomach Bitters, a thorough antidote to the poison of miasma in the system, and a safeguard against its thoroughly to be relied upon. In the event of a malarious attack, avoid cooling your system with quinine, and use instead this wholesome remedy, unobjectionable in taste and far more efficacious than any drug. Use it as Bitters for dyspepsia, biliousness, constipation, indigestion, and rheumatism.

Will be Beautified.

The interior of the Baptist Church is to be beautifully frescoed. Messrs. T. J. Kover & Son, who have the contract for painting and frescoing the Government Building, have been given the contract and the work will be well done.

At the Opera House Next Week.

The management of the Opera House have secured Mr. T. B. Alexander and his excellent company for every evening next week. The repertoire will consist of the latest and most approved plays and popular prices of admission will prevail.

Modjeska.

It is seldom that we can announce the coming of such a truly great artist as Modjeska, who is to appear at the Theatre this evening. That she occupies the very foremost position in America's histrionic world is conceded on all sides, and that she will never appear again in this city, as she intends to retire after next season, is sufficient inducement to more than crowd the house. In the late Mr. Lewie's book on "Actors and the Art of Acting," he says: "Rachel was the panther of the stage, with a panther's terrible beauty and undulating grace; she moved and stood, and glared and sprang. Scorn, triumph, rage and merciless malignity she could represent in symbols of irresistible power, but she had little tenderness, no womanly softness, gayety and heartiness." It is in the last attributes that Modjeska excels, for she is pre-eminent in all those qualities which go to make charming womanliness and delightful personality. These attributes have won for her as many admirers in this country as she left behind in Poland. Moreover, like Ristori, she is most conscientious and never plays indifferently as does Sarah Bernhardt, who gives an uneven performance in order that she may flash out by contrast at some supreme moment. Modjeska will concentrate the fulness of her art when she appears as Lady Macbeth here, and she will bring the strongest supporting company now touring this country, together with all the special scenery used in her metropolitan production.

Dyspepsia

Isn't pleasant nor is it necessary. Dr. Hale's Household Tea will cure it. We have a great many testimonials from people who say it has absolutely cured them. It is pleasant to take and costs only 25c and 50c a package at P. H. CARPENTER'S drug store.

Has Not Grown Old.

The Stamping Gourd correspondent of the Georgetown Times says of a resident of this county:

Elmville boasts of an octogenarian who has never lost a tooth, and can crack hickory nuts with his teeth, has never felt the need of eye-glasses and can, with his rifle, pick a squirrel from the tallest tree, and can see to thread the finest cambric needle. His name is Benjamin Riddle, born in 1808 in this county and has spent his life in this county until two years ago. He hewed all the timbers used in the construction of Threlkeld's (now Stone Bros') Mill, and is said to have made more staves and clap-boards than any man who ever lived in the county.

FRANKFORT ROUNDABOUT

FRANKFORT, MARCH 17, 1894.

Spring.

Gentle Spring, with modest pride,
Once more the Harp of Nature takes;
And as her fingers o'er it glide,
The sleeping world to song awakes.

Through the land the merry notes,
Borne by zephyrs far and near,
Finds echo in a thousand throats,
Filling the heart with hope and cheer.

Winter flies and leaves the field,
Retreating from the bright array;
Yet he vain would backward steal,
Loth as yet to yield the day.

The tender leaf soon shall appear,
And on the hills the flowers bright
E'en now peep forth the sun to hear,
And in her sunny smile delight.

We come Spring! beneath thy skies,
As in the ages long ago,
The blessed Star of Hope shall rise
And o'er the world its radiance throw.

C. L.

The Day Set.

The date of the meeting of the State League of Republican Clubs in this city has been fixed by President L. J. Crawford for the 31st of May. A large attendance is expected and the following committee was appointed to make arrangements for the meeting by the Garfield Club on Saturday night:

Geo. W. Reock, N. I. McDaniel,
W. H. VanWinkle, H. J. Hyde,
Jas. Saffell, M. P. Gray,
C. C. Furr, H. G. Banta,
B. C. Milam, Jas. Sower,

C. A. Nelson, A. B. Hammond,
T. R. Todd, Lewis Fennell,
S. R. Smith, W. R. Wells,
T. J. Todd, John L. Scott, Jr.

Had an Accident Policy.

Mr. C. T. Freeman, of Woodford county, who was so unfortunate as to lose his left hand by the accidental discharge of a gun two weeks ago, is improving slowly. He was so fortunate as to have taken out an accident policy a month ago and will receive twenty-five hundred dollars for the loss of his hand, and twenty-five dollars per week for ten weeks for loss of time from business.

Will Run for Constable.

Mr. Caleb W. Merchant will make the race for Constable in this, the first magisterial district, as a Republican candidate. Mr. Merchant served the city for twelve years as a policeman and made a good and efficient officer. He is thoroughly reliable and if elected to the position of Constable will discharge the duties faithfully and well.

To See the Solons.

A large party of students, both young ladies and young men, came down from the State College at Lexington on Saturday, spent the day in this city visiting the Legislature and points of interest about the city.

The Fish Law.

We give below the law passed by the Legislature just adjourned. The Fish and Game Club will meet next week to take steps looking to the enforcement of its provisions:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. That it shall be unlawful for any person or persons to catch or destroy fish in any of the running waters of the State by means of seine, net, drag or trap, (dip nets excepted) except streams forming the boundary line between this and other States and the overflow lakes thereof and private ponds. Anyone thus offending shall, on conviction, be fined in a sum not less than twenty dollars nor more than fifty dollars for each offense, and cost of prosecution.

Sec. 2. That any person or persons who shall place, or cause to be placed, in any of the running waters designated in section one, any drug, injurious substance, medicated bait, or any dynamite or other explosive agent, with intent to injure, poison or catch fish, shall be guilty of a misdemeanor, and, on conviction thereof, shall be fined not less than fifty dollars nor more than one hundred dollars for each offense, and the cost of prosecution.

Sec. 3. That sixty per cent. of all the fines collected for violations of the provisions of this act shall be paid into the treasury of the county in which such fines are imposed, the remaining forty per cent. to be paid to the civil officer securing the apprehension and conviction.

Sec. 4. That the circuit courts of the respective counties of the State, wherein any of the offenses herein enumerated are committed, shall have exclusive jurisdiction to indict, try and punish such offenders.

Sec. 5. That it shall be the duty of the judge in all circuit courts of the respective counties, of this State to give this act specially in charge to each grand jury of said court.

Sec. 6. That this act shall not be construed to prevent any person from using minnow seines less than fifteen feet in length and five in depth to catch minnows for bait, or trot-lines, or pole and line to catch fish.

Sec. 7. That acts or parts of acts heretofore passed, in conflict with this act, are hereby repealed.

Sec. 8. Whereas, the fish in the streams of this State are being constantly killed by drugs and by dynamite and other explosives, an emergency is declared to exist, and this act shall take effect when signed by the Governor.

It's a Mistake

To neglect caring for a cough or cold. Every time you cough you increase the trouble and soon an inflammation is started that in a short time is difficult to control. Dr. Hale's Household Cough Cure has such a magic effect upon a cough, allaying all irritation so quickly, that every person in the land should always have a bottle of this wonderful medicine on hand to begin taking at once upon the first appearance of a cold. It costs only 25c and 50c a bottle at P. H. CARPENTER'S drug store. a

Duckers.

Billie Owens.
Preparations are being made for a very large acreage of tobacco the coming year.

Mrs. R. W. True is visiting her mother, Mrs. W. B. Jones.

Mr. Sam Johnson and family have moved to Franklin county. Mr. Johnson and his family had made many friends here, who will miss them.

Will the Legislature give us a free turnpike law? We need it to protect ladies from insult. Of this, more anon.

The name of Breckinridge no longer fires the hearts of Kentuckians. We are all for Billie Owens.

Mr. Henry Goin, late in the employment of the Mason-Foord Co. at Chicago, has returned to his home.

Billie Barbour is likely to be Woodford's next county judge, and he is quite suited for the place, being a thorough reformer and an able lawyer.

When we were young, the young ladies used to have a handle to their names and gentlemen were expected to use it, but "tempora mutantur et nos mutamur in illis." A gentleman doesn't need but a few days' acquaintance now to enable him to say "Maud, Kate or Sallie," utterly ignoring the Miss that he should prefix. The ladies may submit, but they know he's a boor all the same.

BULLDOGS.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well-known druggist, of Des Moines, Iowa, for over six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, "and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by P. H. CARPENTER, South Side Druggist.

Cars Running Next Week.

The generator for the electric railway arrived yesterday and is being put up at the power house, and it is expected that the street cars will be running by the latter part of next week.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for Consumption, Coughs and Colds. If you have never used this Great Cough Medicine, one trial will convince you that it has wonderful curative powers in all diseases of Throat, Chest and Lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at P. H. CARPENTER'S drug store. Large bottles 50c. and \$1.

The License Ordinance.

It is a very hard matter to make a tax law that will suit all classes of tax payers, and the same may be said of a law fixing license for all classes of business. The license committee of the Common Council has been hard at work for several weeks drawing up an ordinance levying a license tax, and the result of their labors was laid before the council at its last meeting. The ordinance has been published in full and will come up before the council at a called meeting on Monday evening. We have heard considerable complaint from persons affected by it, that they were being discriminated against, and our advice to all such is to appeal to the council, either in person, by written remonstrance or by counsel, to amend the objectionable sections so that the license tax will be just and equitable to all classes of dealers. The ordinance has not yet become a law, but has only had its first reading and is yet to be acted upon finally.

The Ranch King.

T. B. Alexander, a young character actor of merit, opens a week's engagement at the Capital Opera House, Monday, March 19th, in the Great Comedy Drama, The Ranch King, changing the play each night. Mr. Alexander has been a recognized attraction for years and is considered by press and public to be an actor of public recognition. He is supported by a very strong company of excellent people, each one selected for the excellence of their work. The plays presented are the private property of Mr. Alexander and were written especially for him. Special scenery is carried for each production; making this without doubt the strongest 10, 20 and 30 cent company on the road. Seats can now be secured at Barrett's News Depot.

Cars to Thorn Hill.

Mr. L. B. Marshall is pushing the work on the base ball ground at Thorn Hill Park and expects to have it ready by the time the season opens. He has also made a contract with the Street Car Company to extend their line from the O. F. C. Distillery out to the park so that the cars will take persons wishing to see a game of ball right into the grounds.

Chamberlain's Cough Remedy gives the best satisfaction of any cough medicine I handle, and as a seller leads all other preparations in this market. The readers of the ROUNDABOUT will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. F. J. CHENEY & CO., Toledo, O.

Grave Mistakes.

Physicians frequently make mistakes in treatment of Heart Disease. The rate of such deaths is daily increasing. Hundreds become victims of the ignorance of physicians in the treatment of this disease. One in four has a diseased heart. Shortness of breath, palpitation and fluttering, irregular pulse, choking sensation, asthmatic breathing, pain or tenderness in side, shoulder or arm, weak hungry spells, are symptoms of Heart Disease. Dr. Miles' New Heart Cure is the only reliable remedy. Thousands testify to its wonderful cures. Books free. Sold by J. W. Gayle. 6

Pea Ridge.

Mr. Jim Tracy is improving in health.

Mr. Polk Tracy returned from a visit to relatives at Middletown last week.

Mr. Joe Williams and family have moved out of Mr. Will Pierce's house and Mr. Pete Quires' family have moved in.

The Devil's Hollow pike has been fenced, which makes it much safer for travelers.

Mrs. Mamie Sargent visited her farm here this week to commence gardening.

Mrs. Moore, who has been living on Mrs. Sargent's place, has moved to her own farm at Honey-suckle.

Mr. Taylor Collins is putting a neat fence round his new house.

The trustees have received their blanks for taking the census of school children for 1894.

Mr. W. M. Crutcher is considerably better.

Mrs. Kate Tracy still remains very sick.

A certain citizen lost six dollars which he had placed in a pocket book on the top of a high wardrobe. Full of suspicion, he went to consult the Oracle when the Seeress in charge, after asking a few questions, cut the cards and said: "You have come here to consult me about some money you have lost and this (showing the six spot card) shows the number of coins you have lost and the number of steps the thief took from the door to the money. The cards also show that the money was in a place of concealment, that it was in silver and the party got upon a chair to reach it and that the party that got the money is the one you suspect.

Moral: One more study ought to be added to the public school course.

Mr. Ward True and family have moved from the Russell farm to Yarnalton, Fayette county.

A dance was given by Mr. Will Collins on Monday night at the old Farmers Alliance hall.

The Boulevard road improvement, which commenced a few weeks ago, consists of a few stakes driven along the hillside.

Squire McDonald, of Frankfort, visited the Ridge last week and gathered a jury of our people to try the Harrod Francis case. Mr. Francis was represented by Judge Drane and Hon. Jas. A. Violet, while County Attorney elect Polsgrove attended to the Harrod's interest.

Mr. Harrod rented the Russell farm of Mr. Francis last year, and relying on a verbal contract for 1894, he sowed grain last fall. Meanwhile Mr. Francis rented the farm to other parties for three hundred dollars more than Mr. Harrod was to give. Unable to agree, the jury was discharged and the case was finally dismissed by the judge. This leaves Mr. Harrod in possession and now the renter brings suit against Mr. Francis for failing to give him possession.

Strong Witnesses.

Among the thousands of testimonials of cures by Dr. Miles' New Heart Cure, is that of Nathan Allison, a well-known citizen of Glen Hook, Pa., who for years had shortness of breath, sleeplessness, pain in left side, shoulders, smothering spells, etc.; one bottle of Dr. Miles' New Heart Cure and one box of Nerve and Liver Pills, cured him. Peter Jaquet, Salom, N. J., is another witness, who twenty years suffered with Heart Disease, was pronounced incurable by physicians, death stared him in the face, could not lie down for fear of smothering to death. Immediately after using the New Cure he felt better and could lie down and sleep all night, and is now a well man. The New Cure is sold, also a free book, by J. W. Gayle.

"Perhaps you would not think so, but a very large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Syrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. New York is one of the healthiest places on the Atlantic coast, and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of everyday life. The most sensible advice is, when you have one got rid of it as soon as possible. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 25 and 50 cent bottles for sale by P. H.
